### **Security of Ninjatech websites**

Ninjatech applies a range of security controls to protect its website from unauthorised access. However, users should be aware that the World Wide Web is an insecure public network that gives rise to a potential risk that a user's transactions are being viewed, intercepted or modified by third parties or that files which the user downloads may contain computer viruses, disabling codes, worms or other devices or defects.

Ninjatech accepts no liability for any interference with or damage to a user's computer system, software or data occurring in connection with or relating to this web site or its use. Users are encouraged to take appropriate and adequate precautions to ensure that whatever is selected from this site is free of viruses or other contamination that may interfere with or damage the user's computer system, software or data.
